BOSS-Vac™ VL

DURABILITY - QUALITY OF CUT - EASE OF OWNERSHIP

EASE OF USE, PERFORMANCE AND DURABILITY.

Clean up on lawns and profits.

The BOSS-Vac™ VL dump from seat models save you time and effort with technology that lets you raise the hopper straight up and back within inches of an obstacle to empty clippings, leaves and other debris within the footprint of the unit. A high-powered blower and clog-reducing grass tube saves time, and excellent front and rear visibility makes the BOB-CAT® BOSS Vac™ VL easy to operate. Also available in two-bag or three-bag model.

The BOSS-Vac™ collection system is available for the Predator-Pro™ and ProCat™ mowers as a 12-Bushel Pro VL model in either a Dump From Seat or a 3-Bag configuration. For the FastCat™ mower, an 8-Bushel VL model is available in Dump From Seat or 2-Bag configurations.

12-bushel 3-bag model

FEATURES:

- » Quick-disconnect bumper mount for easy on-off
- » Front counterweight system that improves stability without limiting visibility
- » Mount using existing holes in mower's bumper
- » Oversize air vent hood for enhanced collector filling
- » Large 15.31" fan to move more debris faster
- » Molded high-density tube reduces clogging
- » Low center of gravity and excellent backwards visibility
- » Durability, backed by 2-Year Limited Warranty
- » Double hinge lift-pivot-dump system
- » Outer support frame for added strength
- » Smooth inner panel construction for complete dumping
- » Electrical dump operation
